EDUCATION

The University of Adelaide

Bachelor of Computer Science, Major in Cybersecurity

Adelaide, South Australia

Est. Completion Jul 2026

PROJECTS

Medical Clinic Website | *React, HTML/CSS, Canva, UI/UX Design*

Feb 2025 – April 2025

- Designed and developed the front-end for a medical clinic website, focusing on creating a professional, accessible, and user-friendly interface.
- Researched existing medical clinic websites to identify effective design patterns and incorporated these insights into a custom layout created using **Canva**.
- Converted the Canva design into a fully responsive web interface using **HTML**, **CSS**, and **React**, ensuring design fidelity and cross-device compatibility.
- Implemented intuitive navigation, appointment-booking interface mockups, and patient information pages as part of the React front-end.

Pet Adoption Website | *Node.js, Express.js, Javascript, MySQL*

May 2024 – June 2024

- Collaborated with a team of four to build a platform that allows users to register and experience a simulated adoption process
- Employed Node.js and Express.js for dynamic website functionality
- Incorporated MySQL to manage and interact with real-time data on the site

Weather Application | *JavaScript, HTML, CSS, OpenWeatherAPI*

Jan 2025

- Built a user-friendly web application that fetches real-time weather data from the OpenWeather API
- Displayed current temperature, humidity, and other weather metrics in an intuitive card format
- Implemented responsive design with HTML and CSS to ensure the interface looks clean on any device
- Added error handling for invalid city searches to enhance user experience

EXPERIENCE

Fresh Produce (Fruit and Vegetables)

April 2019 – Present

Coles Supermarkets

Adelaide, South Australia

- Delivered high-quality customer service by answering inquiries, assisting with product selection, and providing support at checkouts
- Collaborated with team members to efficiently stock shelves, monitor inventory levels, and maintain a clean, well-organized department
- Trained new hires on proper stocking methods, digital device usage, and healthy/safety protocols, demonstrating strong communication and leadership skills
- Ensured compliance with store policies and food safety regulations, contributing to a positive shopping environment for customers

Warehouse Associate

Feb 2025 – Present

TOLL (Team Global Express)

Adelaide, South Australia

- Coordinated with team members to safely load and unload trailers, ensuring efficient freight handling
- Maintained organized storage areas and adhered to company protocols to streamline inventory tracking
- Upheld strict health and safety standards to reduce workplace hazards and protect goods in transit
- Demonstrated strong teamwork and communication skills by collaborating with cross-functional teams and supervisors
